Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

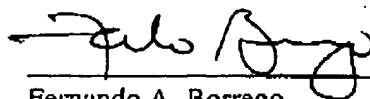

Sir:

This is in response to a restriction requirement under 35 U.S.C. §121, dated March 28, 2005, regarding the above-referenced patent application. The Office has issued a restriction requirement between claims 1-11 (Group I) drawn to a waste treating method, classified in class 210, subclass 609; and claims 12-21 (Group II) drawn to a reactor, classified in class 210, subclass 150.
